## **Tabernacle Pattern**

Overview | Most Holy Place | Holy Place | Court Round About

How and to what does it WITNESS? (Num 17:7 "...in the tabernacle of witness.")

Human Body by the Pattern | Migration by the Pattern | Day of Atonement | Temple OVERVIEW

The Tabernacle Pattern, including all its furnishings and instruments, is a major topic in two Old Testament books. From Ex 25 through 40 Yahweh Elohim gave very complete and explicit instructions to Moses on how and of what to build the Tabernacle, how and

of what to make its furnishings and instruments and how to prepare members of the Levitical Priesthood to minister in it. One may wonder after reading about the Tabernacle, "Why all the detail...who cares now?" Yahweh considered its construction so important

He put His Holy Spirit in the workmen for a time to make sure it was built properly (Ex 35:31). Turns out this pattern is one of heavenly things (Heb 8:5) and it is a physical representation of how Yahweh is and works within all things. It is not that we are to build a Tabernacle now and do the sacrifices associated with it, but rather as Is 8:20 tells us, we are to go back and understand the law and the prophets, of which the Tabernacle is an intergal part, to gain LIGHT or a knowledge of the TRUTH. Indeed the Tabernacle functions (Leviticus) are part of the old, physical law, or so-called law of Moses which was nailed to Yahshua's cross (Col 2:14). Not only is it a type of how Yahweh functions, it points in particular to the ultimate sacrifice of the Messiah.

But this is just the beginning of all the Tabernacle can tell us because it is the primary key, pattern, to understanding Yahweh's purpose and plan (Eph 1:9-10), Yahshua's mission to fulfill the old law by living a totally righteous life and die for our sins (Matt 3:15,5:17; Luke 24:25-27,44), and how we can make the migration from a carnal to a spiritual mind so we can worship Yahweh in spirit and truth as He desires (John 4:22-24). Click here for an Adobe pdf file showing the tabernacle dimensions and major events to which they point (you will need to rotate it clockwise). Click here for an Adobe pdf file showing the days of creation by the pattern and how the ages conform to both (you will

need to rotate it clockwise).

SEP

19 Apr 2005 - 9 Oct 2020 ost Holy Place or MHP ( also called Holy of Holies) represents Yahweh Who is spirit. (John 4:24) . The Holy Place or HP represents Elohim - Yahweh takes on shape and form right within Himself as a super incorporeal being who presents Himself in visions. (Num 12:6; Prov 29:18; Ex 24:10; Ez1:26) The Court Round About or CRA (also called Outer Court) is likened unto Yahweh in physical form, or Yahshua the Messiah and it contains types of the physical witnesses of the proof of salvation: blood, water, spirit (I John 5:7-8 - Passover).

literally why we are told to "Stand in the Holy Place..." (Dan 9:27, 11:31; Matt 24:;15) because if we are in that Tabernacle position spiritually, which requires going through the door, which is Yahshua, we can receive His light (understanding), His bread (ongoing sustenance and comfort) and His intercession. If our souls stand in the HP we can also see into the MHP (or heaven) because the veil between the two compartments was rent apart when Yahshua died for our sins. In fact, the entire Tabernacle itself proves the unity of Yahweh (Deu 6:4); three compartments but one Tabernacle or three states of being but one Yahweh (Yahweh/spirit, Elohim/spirit in visionary shape and form, and Yahshua/spirit in a physical body). There is no trinity but just one Yahweh who makes Himself known to His creatures by two manifestations: Elohim which figure is seen in visions and dreams right within a man's mind (Num 12:6; Ex 24:10; Ex 1:26; Acts 9:1-7) and Yahshua the Messiah who came in a specially

Each compartment of the Tabernacle, MHP - HP- CRA, has its purposes and operation. The HP in the door" (John 10:9), "I am the light" (John 8:12), and, "I am the bread..." (John 6:51). That is

Diagram & Image of the Tabernacle

prepared physical body to perform a mission of fulfillment and to die for our sins and later resurrect, ascend, and pour out His Holy Spirit into the hearts and minds of men who know Him and have faith in this operation of salvation (Jer 31:31-34, John 17:3). All of Israel was gathered around the Tabernacle, three Tribes on each of its four sides (Numbers 2). They were gathered unto the Tabernacle to receive forgiveness for their sins so they would have continued physical life which was a type and shadow of how we have to gather unto Yahshua the Messiah for our eternal, spiritual salvation for eternal life in His Body. Moreover, we can see all of creation manifested in this 3-fold pattern: a tree has roots, trunk and branches; there is morning, afternoon, and night; there is past, present, and future; the cells of every living thing have a cell wall, a cell body, and a cell nucleus; and physical things are made of atoms which have a proton, neutron, and electron(s) and on and on.

The Tabernacle Pattern is 3-fold. The most interior part is the MHP. In the Temple it was called the Holy of heaven or Yahweh in pure spirit. It is a type of the throne of Yahweh symolizing His complete power over the spiritual and the physical realms.

In the MHP was the Ark of the Covenant that had a cherubim on each side with a Mercy Seat on the top of the Ark. A type of Pahweh Who is spirit (John 4:24) and is inscrutible and incomprehensible. The MHP

It was in the Tabernacle MHP that Yahweh Elohim would appear in a cloud on the mercy seat on the Day of Atonement (Lev 16) if the High Priest, the only person allowed in the MHP and then only one day a year, had performed his services properly. Yahshua

fulfilled the Day of Atonement by entering into the heavenly MHP one time as our High Priest of the never-ending Melchizedek priesthood rather than the now ended Levitical priesthood (Hebrews 7).

Most Holy Place - MHP

During the flood when the waters covered the earth, the only remaining life was in the ark constructed by Noah as per Yahweh's instructions - in this story that ark resting between two mountains (Gen 8:4) having survived all that death-dealing water is a

MHP. All life that had breath, except for Noah, his wife, his sons and their wives, and the animals that were brought into the ark died during the flood (Gen 7:21-24). Later Noah planted a garden and this was again a MHP with continuing activity downward of

humankind through the HP and CRA as his three sons and their wives migrated, propagated, built cities, and so on with the key end result being sinful Babylon. . When Israel left Egypt (a type of the CRA) they crossed over or resurrected into the Wilderness of Sin (a type of the HP - "holy ground" as per Ex 3:5, Ex 16:1) where they were tempted by Satan, and then they ultimately (40 years later) went through the Jordan into the "promised land", Canaan, which is a type of heaven and the MHP in their story. Their migration was by the pattern even before Moses received the Tabernacle Pattern in a vision (Ex 24:8-40). . When Yahshua (called Joshua) went up into the mount with Moses, Aaron, Nadab, Abihu and the 70 elders (Ex 24:13) He transformed into the visionary/spiritual Elohim and also took Moses alone to the top of the mount and into the realm of eternity to give him visions of the creation, the tabernacle, and more. He and Moses were in the true MHP of heaven of which the other three were given a glimpse. Later when Yahshua came back into the flesh, being born of a virgin as the Messiah to die for our sins to give us atonement with Yahweh by means of His death and pouring out of the Holy Spirit so we could live eternally in His spiritual body, He went again into a mount, this viewed by James, John, and Peter where He transformed right before them into Elohim giving them a glimpse into the true heavenly MHP (Matt 17:1-3). That NT transformation vision included Moses in the MHP with Elohim because it was a fulfillment of when Yahshua transformed on Mt. Sinai, and it also included Elijah or John the Baptist in the MHP with Elohim because John had taken off the flesh (Matt 17:11-13) and had joined them in the MHP or spirit realm or heaven because Moses was the great prophet before the advent of the Messiah (Yahshua or Yahweh Elohim in a physical

Yahshua came down from the true, heavenly, MHP, into flesh, then died, resurrected, and returned to the true MHP, a totally spiritual place (John 3:13). Going physically up into a type of the MHP such as up into a mountain, or into an upper room, or up across the Red Sea (a veil) into the wilderness, and then across the Jordan (the 2nd veil) up into the promised land of Canaan) are all to say that the "going up" is interpreted to mean, or a type or shadow of, an "elevation" in awareness or experience because the elevation of the consciousness (soul) into the MHP is not a physical thing but rather a spiritual, otherdimensional, place.

Holy Place - HP

In the HP are three furnishings; the golden 7 lamp candlestand (one main bowl with 6 branches), the golden table of shew bread, and the golden altar of incense. All of these features represent Yahshua the Messiah and is why He said He was the light (John 8:12). the bread (John 6:51), and the intercessor (Rom 8:34). He brings light/life to us (being the middle lamp which feeds all the others so they are lit), He is the bread or hidden manna which teaches us and sustains us, and He is the One who stands at the altar of incense location and makes prayers to the Father in our behalf after having died in all His righteousness to atone for our sins which allows us to see into and finally, when we take off the flesh, to enter into the heavenly MHP (Heb 8:5). His prayers are made of a

It rained on the earth, causing the flood in Noah's time, for 40 days and nights (Gen 7:12).

19 Apr 2005 - 9 Oct 2020

Click here for information on how the head of the human body conforms to the MHP.

body) and John was the great prophet after the advent of the Messiah.

http://www.soundingthetrumpet.com/tab.htm

http://www.soundingthetrumpet.com/tab.htm

purity, of a righteousness that the Father can hear and respond to just as the incense was made of particular fragrances which formula had to be exactly correct to prevent death (Ex. 30:34-38; Lev 10:1-2). This testifies to the fact that the only way into the heavenly MHP is through Yahshua the Messiah and that no substitute Saviour will be accepted. Yahshua is the door (John 10:9) into the HP.

The doorway to the Tabernacle HP is the 4th step in the tabernacle and this principle of 4 (adding as many or few zeros which are only place holders) is evident throughout the Bible. Some types of the principle of 4 are: The sun, a type of Yahshua the Messiah, was placed in the sky on the 4th day of creation as the greater light to rule the day just as the lampstand stands inside the doorway (4th step) of the Tabernacle where light always exists and points to Yahshua as our Salvation. (Gen 1:18-19; John 8:12).

 Moses was in the top of Mt. Sinai 40 days, twice (Ex 24:18, 34:28). Israel was in the wilderness, a type of the HP, being tested of Satan for 40 years (Num 14:34). King Solomon and other kings ruled for 40 years over Israel (I Kings 11:42). Yahshua was born of a virgin at the end of the 4th millineum. (See Ages)

Yahshua was in the widerness for 40 days while being tested of Satan (Matt 4:2 & 3). . After Yahshua died and was buried in the earth plane which is a type of the Tabernacle Pattern CRA, he resurrected into the HP being a life giving spirit who appeared physically to various disciples for 40 days (Acts 1:3), after which He ascended into the completely spiritual realm of the heavenly and true MHP pouring out His Holy Spirit 10 days later on the 120 in the upper room (Acts 1:15, 2:4) that upper room being a type in that story of the MHP.

24 through 40). Click here for information on how the chest cavity of the human body conforms to the HP.

The HP is an in-between place with physical and spiritual elements. It is a type of Elohim Who is a spiritual manifestation of Yahweh which can be seen in the minds of physical men through visions and dreams (Num 12:6). This is the place where we are supposed to stand, in our mind/soul, to be protected from the Abomination of Desolation (Dan 9:27; Matt 24:15). The HP is where Israel spent 40 years of testing before the 2nd generation that came out of Egypt, plus two others in the 1st generation (Num 14:30-34), crossed the River Jordan into the MHP of their migration which was Canaan the promised land. The whole 40 year trip from Egypt to Canaan followed the Tabernacle Pattern. They migrated by the pattern even before Moses received the Tabernacle Pattern in a vision (Ex

Court Round About - CRA Walking through the 30 foot wide gate of the Tabernacle puts one into the CRA with the closest object being the altar of sin sacrifice. On the corners are horns on which is put the blood of the sacrifice by the priest. Directly behind this altar and in front of the door to the HP is the brazen laver where sacrifices were washed after having been killed and disjointed. This area of the Tabernacle was grisly, stinky, and bloody. It is likened to the earth plane, our physical lives. The sacrifices were to atone for sins by Israelites so

they themselves did not have to die (physically) for their sins. The CRA had no covering; whereas the HP and MHP were roofed and sided in various skin and material coverings, but the CRA had a high fencing all around it with just the one opening, the gate. In the CRA are the primary witnesses in the earth plane of which

plane of death. Obviously, the CRA is a place of sacrifice and washings. Yahshua's own sacrifice ended the sacrifical laws just as His baptism by John the Baptist ended to be washed in water which was part of the old law. Now the immersion of importance is a spiritual one, a washing of the mind and heart by the Holy Spirit (Jer 31:31-34; Matt 3:11). Physical washings were a type and shadow of receiving the washing of the Holy Spirit and were only valid until the law ended when Yahshua nailed it to His cross (Col 2:14). John the Baptist was baptizing sinners under the Old Law of Moses unto the death of Yahshua the Messiah. Thereafter, water baptism, along with all the other 612 laws and ordinances in the Mosaic law, was set aside when the New Covenant was ushered in with the

outpouring of the Holy Spirit. Thus, we don't make a Tabernacle or perform its functions but we learn of it to gain knowledge and evidence so we can have faith (Heb 11:1) in Yahshua the Messiah Who shed His blood to ratify the New Covenant.

corners of the earth, sounding the trumpet, to provide those that heed the warning a way to avoid Yahweh's wrath which is to come (II Thess 1:7-8; II Peter 3:10-14). Such is how Yahweh chose to make known His salvation to people (I Cor 1:21). When Yahshua died with 4 points of blood on Him He fulfilled the Passover 4 points of blood and all the other 4 points of blood in the Law and the Prophets AND He also showed at His death He was the 4th step of the Tabernacle or the door into the HP, the way out of the CRA or earth

states, basically, there was a fault with the first covenant so it was replaced. The first covenant was a physical works; the second covenant is a spiritual one which we can understand while yet in the flesh. To take part in the New Covenant, knowledge is required rather than works (John 17:3). True works will follow faith which requires evidence (Heb 11:1) but faith is a gift, the work of Elohim (John 6:29), received when we listen, hear, and understand the evidence and substance of the True Gospel of the Kingdom which is the focal point of Yahweh's mystery of salvation.

Also in the CRA was the vessel that held the holy anointing oil with which the priest had to be anointed before he could go up, or resurrect, into and minister in the HP. That oil was a type of the Holy Spirit. So you have blood (or death), water (or burial), and spirit

Read Gal 3, especially 10 through 25 where Paul clearly states that old law was a "...schoolmaster to bring us unto the Messiah, that we might be justified by faith, but after that faith is come we are no longer under a schoolmaster." Or read Heb 8:7-8 where Paul

(resurrection) exhibited in the CRA. These pointed to Yahshua's blood being spilled (blood/death), His water coming out of Him at the spear piercing and being buried in Joseph's new tomb (water/burial), and His emergence from the tomb (spirit/resurrection) which is the pivotal point in history. His defeat of Satan and death, the reality of the Gospel or good news. Because He resurrected and then ascended 50 days later on Pentecost. He was able to break up His spirit body (the Holy Spirit) to pour it out onto all mankind and those that would have faith (believe the report) could receive it. We also have to die, to our old carnal selves when we were slaves to the Mystery of Iniquity or Satan and his cohorts, then be buried or immersed in the Holy Spirit which is likened unto water (John 7:27-29) or Yahshua's spirit body, in order to resurrect through

the door (Yahshua - John 10:9) by the Saviours' atonement for us into the spiritual HP where we can receive His light, sustenance, and intercession (Rom 8:26). In short, in order for our soul to stand in the spiritual HP we have to go through the CRA process of our own (old man) death, burial and resurrection causing us to put on the new man or be born again (John 3:3-5) at which point we can see into the heavenly MHP, understand or apprehend it, so that at the Universal Revelation we will meet Him in the air (spiritual realm) and be totally spiritual or heavenly ourselves "...and so shall we ever be with Him" (I Thess 4:16-17). Accepting salvation literally makes us free from the law of sin and death (Rom 8:2) and we become "...sons of Yahweh" (Rom 8:14-15). This change in our

Click here for information on how the abdominal cavity of the human body conforms to the CRA. Human Body follows the Tabernacie Pattern See Volume 3 of the Elohim Textbook (link at top)

This pattern is a divine one because it is Yahweh's pattern and all things in the creation can be found to follow this 3-fold pattern: from the atom (proton, neutron, electron(s)) to man (head cavity, abdominal cavity). The pillars and boards, which were used to carry the Tabernacle around during the Wilderness years are like our arms and legs and they are also threefold: hand, forearm, upper arm - foot, calf, thigh! Even our fingers are threefold. Additionally, one can actually see the relationship between the

furnishings in the different compartments of the Tabernacle and comparable organs in the body such as: (there are many more) Most Holy Place (MHP) - Head Cavity of Body

covering the mercy seat just as our brain has a covering between the right and left lobes.

which runs our social interactions.

45 captures

have a urinary system and spigot to let out our dirty water.

stands, in progression, just beyond the brazen laver).

To elaborate on the Migration of Israel by the Tabernacle Pattern:

1. On the Ark of the Covenant (Ex 25:16-22) was a mercy seat upon which during the Day of Atonement, if the ritual were performed correctly, the High Priest would see the flashing of the Shekinah which was a vision of Elohim in a cloud and this is likened unto our brains which are like a cloud with white and grey matter and is where Elohim actually appears when He writes His spirit law in our minds (Jer 31:31-34). 2. We have a right and left brain both of which have message and action functions just as the cherubim which represent the angels Gabriel (Luke 1:26) and Michael (Rev 12:8) have similar functions. They stand to the right and left of the ark with their wings

4. The opening (covered by 2 doors) on the front of the ark which makes the stone tablets of the 10-commandment law therein acessible, the law that spoke to Israel for 1490 years, is a type of our 2 lips covering our mouth out of which comes our law

5. Veil between the MHP and HP: colors are red, blue, and purple likened unto the arteries, veins, and thyroid gland respectively in our neck (iodine, an element with the atomic number of 53, means "violet" and is that which is required for the thyroid gland

- to secrete its hormone). 1. The altar of incense (Ex.30:1) is likened unto the lungs in our body which breathe air in and out perpetually in order for us to remain alive just as the incense wafted perpetually into the MHP and which incense had to be made correctly or death was the
- result (Ex 30:9; Num 3:4). Those incense ingredients were 4 specific ones and air is predominently comprised of 4 gases: oxygen, nitrogen, carbon dioxide, and hydrogen. Just as the incense burns in the incenser so does oxygen burn in our bodies. The incense was a "sweet fragrance unto Yahweh" just as good air is sweet to our bodies. 2. The table of shew bread that is trimmed around the edges with two golden crowns (Ex.25:23-25) and upon which sits 12 loaves of bread is likened unto our heart that has two large coronary (meaning crown) arteries surrounding it. The heart pumps, in an average man, 12 pints of blood throughout the body to keep it alive or sustain it just as there were 2 rows of 6 loaves of shew bread or 12 loaves which the priest would eat for sustenance. Just as our heart has 4 chambers the table of shew bread had 4
- 3. The flickering of the main candlestick and its 6 branches (total of 7 lamps: Ex 25:32) are likened unto the pumping of blood into our aortic arch which pulsates to bring light or life to our bodies through its 7 branches the main one being the inominate artery with the others being the right and left carotid arteries, the right and left coronary arteries, and the right and left coronary arteries. Just as there was never darkness in the HP (candlestick flickering during the evening and night, sun light flickering
- in through the veil during the day), there is always light or life in our bodies until our souls leave them. SEP Go http://www.soundingthetrumpet.com/tab.htm INTERNET ARCHIVE **WayBack** Machine

19 Apr 2005 - 9 Oct 2020 2. The brazen layer is where the priests washed the blood and dirt off the sacrifice (Ex.30:18) just as our kidneys, that form a bowl shape if pushed together, wash our blood. The kidneys are 5 centimeters apart because the Israelites walked 5 abreast through the tunneled up Red Sea which followed the Tabernacle Pattern doorway to the Holy Place which has 5 pillars (Ex 13:18 KJ, went through "harnessed" with original Hebrew being chameah, #2568 in Strong's, which means "5"). The Red Sea itself is also likened to a brazen laver which stands before the door from the CRA into the HP because the sea was the doorway to exit Egypt (CRA of the migration of Israel by the Tabernacle pattern). Also, the laver has a spigot to let out the dirty water just as we

3. The cup of holy anointing oil (Ex.30:25,30 - a symbol of the Holy Spirit) which allows the priest to enter the HP is likened unto a quickening and we have adrenal glands that quicken us which are located at the top of our kidneys (the door to the HP

 When the baby is conceived (to form what is called by science a zygote) it is not able to be seen and is not in shape and form (just as Yahweh is in the spiritual realm or MHP). Then when it takes shape and form it still cannot be seen in the physical realm except for an ultrasound which is likened unto a vision only given to some (like Elohim or the HP - an in between state). Then when the baby is born it is fully visible in the physical realm (like Yashua the Messiah when He walked the earth and the very physical CRA). There are steps in the Tabernacle and step 4 is at the door between the CRA and the HP and is why there was 40 (zeros are place setters only with the 4 being the number of value) years that Israel spent in the Wilderness, 40 days Yahshua spent in the

able to see into, and finally when we take off the flesh we will go into, the true MHP which is a totally spiritual realm - the Kingdom of Heaven.

be seen from far off with the noon-day sun shining off its golden and precious stones exterior. It was the most glorious building mankind ever made.

provide salvation for anyone who has faith in Yahshua having done this for him/her (Hebrews 9:28). More to come on this topic...

Additionally, you can easily see that human beings reproduce themselves according to the Tabernacle Pattern as is appropriate because their bodies are temples:

souls is an invisible operation completed by Yahshua not something we "work up on" but rather He does the work. We just have to pay attention and learn of Him by His Witnesses.

3. In the ark were the 2 tablets of stone upon which were written the 10 Commandments that ruled Israel and our brains contain 10 hormones in our 2-lobe Pituitary gland that rules our entire body.

- Wilderness, and 40 weeks (9 months) is the gestation period for an infant. When a baby is born into the physical realm of which the CRA is a type, there is a show of blood (signaling and during the birth), water (bag of waters breaks), and spirit (first breath) just as there is in the CRA (blood, water, and spirit - I John 5:7-8).
- minds or soul). This knowledge about our bodies conforming to the Tabernacle Pattern gives more meaning to, "What! Know ye not that your body is the temple of the Holy Spirit..." (I Cor 6:19). Migration by the Tabernacie Pattern

There are many, many other comparisons between the Tabernacle pattern and the human body including the systems in the body, other organs, and structures within organs too numerous to mention here. Such as: the "arbor vitae" in the brain which literally means "tree of life" which is in the garden of Eden as a type of Yahweh Elohim or Yahshua Who manifested in the flesh and is still manifesting in the flesh of Holy Spirit filled people (in their hearts and

When we begin to learn about the True Gospel, we go through a similar but spiritual migration by the Tabernacle Pattern that the Israelites experienced when they went from physical bondage (or death/slavery) in Egypt and through the Red Sea (and burial/immersion) and followed the cloud by day and pillar of fire by night (or spirit - Ex 40:38), which is a type of the functions in the Court Round About, in order to resurrect into the Holy Place and eventually, the 2nd generation (or reborn - John 3:5) of Israel went on into their promised land of Canaan which is a type of MHP or Kingdom of Heaven.

Moses...") which is a type of the first veil or 4th step of the Tabernacle which required anointing by the spirit in order to go through the door to enable (I Cor 10:4) Israel to go up (resurrection/spirit/freedom).

heaven" or manna (table of shew bread), were always in the light by virtue of the cloud by day and the pillar of fire by night (7-branched candlestick), and had the Tabernacle as an intercessor for when they sinned (altar of incense).

They went into the Wilderness of Sin called "holy ground" (or the HP) by Yahweh (Ex. 3:5, Ps 68:17) as a free people where they received the law and were tested by Satan for 40 years (principle of 4). While in the HP or wilderness they were fed "bread from

. By virtue of Yahweh's power (Holy Spirit) which is of what the cup of anointing oil in the CRA is a type, Israel went from the CRA (death/blood/bondage) of Egypt through the tunneled up Red Sea (burial/water/immersion - I Cor 10:1-3 "...immersed unto

40 years later Israel was led by Yahshua through the Jordan River (a type of the second veil in the Tabernacle between the HP and the MHP which veil was rent when Yahshua the Messiah died) which gave them entrance into Canaan, the promised land or the MHP in the Tabernacle Pattern or a type of the reality of the Kingdom of Heaven. Israel's migration pattern was a physical type of the spiritual migration our souls make from ignorance which has us in bondage to the Mystery of Iniquity, up into and through the Holy Place to receive the Holy Spirit and its benefits, and then in our minds we are

The Tabernacle Pattern leads us on a migration to a knowledge of our Saviour Yahshua the Messiah and to an understanding of Yahweh's purpose (Eph 1:9-10) by providing evidence and substantial proof of these mysteries which is required to obtain faith and thereby have eternal life (Romans 1:19-20; Heb 11:1.6; John 17:3).

Day of Atonement

Elohim appeared to the High Priest on the Day of Atonement every year on his last (3rd) trip into the Most Holy Place (MHP) of the Tabernacle. Elohim appeared in the Shekinah flash on the Mercy seat of the Ark of the Covenant between the two cherubims, IF the ritual was performed correctly. If it was not performed correctly, Elohim did not make an appearance and the High Priest died to be pulled out of the MHP by the other priests putting under the veil between the MHP and the Holy Place (HP) hooks on poles with which to drag him out. This Day of Atonement was a precursor, shadow, or promise of the coming of the Messiah one time to die, take His blood into the heavenly MHP, for the sins of mankind which would be the one perfect atonement to end all sacrificing and

Temple

Photo of a model of Herod's temple from www.wildolive.co.uk. A model of Herod's temple (see above photo from www.wildolive.co.uk) gives little understanding of the first Temple, Solomon's Temple. The Temple built by Solomon on Mt. Moriah (II Chron 3:1) was the same basic design inside as the Tabernacle Pattern. When the Temple was built, the same furnishings as were in the Tabernacle were put into the Temple. Solomon's father, a pattern by "...writing His hand upon me, even all the works of the pattern." (I Chron

28:19) took 7 years to build (I Kings 6:1,38). It was the Tabernacle in a more permanent and glorious form pointing to the Messiah in His glorified (resurrected and ascended) state. The outer structure, if viewed from the side, looked like a seated man and it could

physical Tabernacle, or Temple, and its services became obsolete as a pathway for salvation although their study provides a witness to the Saviour (I John 5:8; ). The only relevant Temple in this current age and dispensation is the human body (I Cor 3:16) which has always been Yahweh Elohim's true Temple and, of course, the body is constructed in the Tabernacle Pattern

2010

Today in Christendom there are buildings called churches in which their congregations suppose Yahweh dwells. Yahweh is all and Yahweh Elohim does not need to appear in buildings although He did appear on the Day of Atonement in the Tabernacle and Temple as a type of when He would appear in our hearts and minds to write His spirit law in them (Jer 31:31-34), or in our souls, which are contained in physical bodies that replicate in themselves the Tabernacle pattern, which time came at Pentecost (34 AD). Furthermore the word "church" means "assembly" and the only assembly is comprised of the souls who are in the Body of Yahshua which is a spiritual construct. Yahweh only asked men to build three structures and they were all threefold: Noah's ark, the

Solomon knew the Temple was a witness (Num 17:7), a place to perform sacrificial services, and that it could not contain Yahweh Elohim (I Kings 8:27). Once the Messiah had come to fulfill the Law and the Prophets (Mat 3:15,5:17; Luke 24:25-27,44) the entire

(Gen 11:1, 7-9). Nonetheless, the building of so-called temples and churches has proliferated since the time of Pentecost just as the religion of Babylon has always proceeded, in one form or another, with its temples and ideas down through time.
